Manufacturer's Declaration

We, the company

svt products GmbH
Glüsinger Straße 86
21217 Seevetal,

hereby provide further information on the ageing resistance of the building products listed below:

- **NOVASIT BM**
(DoP No. 01161000-NOVASIT-BM)
- **GFM**
(DoP No. 01167000-GFM)
- **NUCLASIT 2.4**
(DoP No. 01165000-NUCLASIT-2.4)

The named construction products are hydraulically hardening mortars. Standardized binders and aggregates are used for production. Production and monitoring are carried out on the basis of DIN EN 9001 in accordance with tests to DIN EN 998-2, taking into account DIN 1053-1, -3, -4 and DIN EN 1015.

It is known that hydraulic binders undergo post-hardening.
A resistance to ageing of at least 40 years is therefore assumed.
